Opera Attendance From Out Of Town Promises Large

Practically every town and city within a radius of 100 miles of Memphis will have parties in attendance at one or more performances of the Scott Opera company, indicating interest in the return of this organization. At O. K. Houck's music store where the sale of seats has been in progress for several weeks, orders are still being received. Indications point to the engagement being conspicuous as a social as well as musical event and it will probably mark the climax of the season.

Local people are also planting to conclude the spring season in a gais, way and it is expected that a number of social affairs will be arranged white the opera stars are here.

Following is a partial list of the people who have already booked seats from out-of-town points.

PARTS TO 32 ARMY TRUCKS ARE STOLEN

TRUCKS ARE STOLEN

MERIDIAN Miss. May 14 (Spl.)—
Thirty-two army trucks to be used to the state highway commission, have arrived in the city from Camp Pike. Ark, but burely the wheels were left by thieves, who have removed gluons all parts of the care that could be carried away. Not a single magneto was among the 23 trucks, and these single irons cost 382 each. A number have sathureters missling, stinders left open to the weather, where spark plugs have itedly ruited.

These 21 trucks represent an expenditure by the government of \$5,000 each, or a total of \$180,000, and its a clear illustration of what is becoming of a large amount of the money used for omergency during the war. A large sum is necessary to blace the trucks in runding order. Only one out of the 32 would run at all when they arrived here. They have been badly abused and show lith attention has been paid to them since their army drivers turned them in.
